

THUNDER BEAUTY

SHINE BRIGHTER,
LIVE HEALTHIER

FOR CAT
FUR AND
SKIN

Thunder Beauty capsules contain 5 varying ingredients, including omega 3 fatty acids, vitamin E, D-biotin, zinc, and fructooligosaccharides. Thunder Beauty functions to promote strong and healthy fur and skin of cats.

Key Ingredients

Omega 3 Fatty Acids

- Fats that are components of the body cells membranes
- Play important roles in the skin health of cats

Vitamin E

- A nutrient essential for the health of skin and coat of cats
- Reduction in oxidative stress of the skin cells

D-biotin

- The natural form of biotin (Vitamin B7)
- Has a role in the production of keratin

Zinc

- Required for multiple functions of a cat's body
- Vital for the proliferation of keratinocytes

Fructooligosaccharides

- A type of prebiotic
- Improves the gut microbiome to support nutrient absorption for better coat and skin health

Overall Benefits of Thunder Beauty

- Promotes healthy skin and stronger fur
- Enhance skin and coat protection
- Alleviate skin itchiness

Overall Uniqueness

- **High quality omega 3** fatty acids
- **Double function** of protecting skin and fur
- **No added** preservatives and colouring
- **Natural** key ingredients

THUNDER GESTIVE

HEALTHY TUMMY,
HAPPY KITTY

**FOR CAT
DIGESTIVE
HEALTH**

Thunder Gestive consists of 5 lactobacilli species, pumpkin powder, fructooligosaccharides, and DigeZyme®. Thunder Gestive functions to regulate the cat's digestive health.

Key Ingredients

5 Lactobacilli species

- Consists of Lactobacillus plantarum, Lactobacillus salivarius, Lactobacillus acidophilus, Lactobacillus rhamnosus, and Lactobacillus paracasei
- The 5 Lactobacilli species are able to change the pH of the digestive system to suppress pathogenic bacteria growth

Pumpkin Powder

- A source of fibre
- Has been said to alleviate digestive issues like constipation

Fructooligosaccharides

- Acts as a prebiotic
- Stimulates growth of non-pathogenic bacteria

DigeZyme®

- Contains amylase, cellulase, lactase, lipase, and protease (enzymes)
- Allow optimal digestion of nutrients to protect the digestive system through easy absorption of nutrients

Overall Benefits of Thunder Gestive

- Support digestive health and gut health of cats
- Promote healthy immune system in cats
- Reduce itching and hot spot in cats

Recommended for:

- Cats with digestive issues
- Cats with chronic health conditions
- Cats that are highly stressed
- Cats with poor appetite

Overall Uniqueness

- **Comprehensive formula** which has prebiotics, probiotics, fibre, and enzymes
- Provides **10 billion CFU** per serving
- **Multi-focus approach** to health benefits
- Use of **trademark ingredient** - DigeZyme®

Feeding Instructions

Once daily mix with meals

- Below 5kg: 1 scoop
- Above 5kg: 2 scoops

THUNDER EMUNE

EMPOWER YOUR
CAT'S IMMUNITY

FOR
BOOSTING
CAT
IMMUNITY

Thunder Emune consists of 12 vitamins, 10 minerals, 4 amino acids, and 3 other supporting ingredients, namely fish oil powder, beta glucan (yeast), and echinacea extract. Thunder Emune functions to boost the cat's immune system.

Key Ingredients

12 vitamins

- Consists of vitamins A, D3, E, B1, B2, B3, B5, B6, B12, C, D-biotin, and folic acid
- Required to maintain the function of immune system barriers like the skin and cell mediated immune system

4 amino acids

- Consists of L-arginine, L-leucine, L-isoleucine, and L-lysine
- Maintains function of immune system such as through activation of immune cells like T cells

10 minerals

- Consists of potassium, calcium, magnesium, iron, zinc, copper, iodine, selenium, chromium, and molybdenum
- Enhances the immune system through antimicrobial activities and immune cell proliferation

3 supporting ingredients

- Consists of fish oil powder, beta glucan (yeast), and echinacea extract
- Multiple functions by regulating immune system's inflammatory cytokines and activating immune cells

Overall Benefits of Thunder Emune

- Improve immune system of cats
- Enhance physical fitness of cats
- Promote fur growth of cats

Recommended for:

- Senior cats
- Cats that have health issues
- Cats that are highly stressed
- Cats with malnutrition

Overall Uniqueness

- Contains multivitamin (**12 vitamins**), multimineral (**10 minerals**), **4 amino acids** and **3 supporting ingredients**
- **Natural** ingredients
- **Multi-system support** aside from boosting immunity

Feeding Instructions

Once daily mix with meals

- Below 5kg: 1 scoop
- Above 5kg: 2 scoops

THUNDER JOINT

PURRFECT JOINTS:
ENHANCE THEIR
MOBILITY

FOR CAT
JOINT AND
BONE
SUPPORT

Thunder Joint consists of 7 ingredients, namely glucosamine, chondroitin, methylsulfonylmethane, vitamin E, zinc, turmeric extract, and fructooligosaccharides. Thunder Joint functions to support bone and joint health of cats.

Key Ingredients

Glucosamine

- A naturally found compound in cartilage
- Prevents cartilage breakdown

Chondroitin

- A component of cartilage
- Helps cartilage absorb fluid and produces new cartilage

Methylsulfonylmethane

- Naturally existing component in animals
- Commonly used in the past for treating joint pain and discomfort

Vitamin E

- A potent lipid soluble antioxidant
- Affects the bone remodeling process

Zinc

- Required for normal growth of skeletal system
- Has a role in bone homeostasis

Turmeric extract

- Contains curcumin, the major bioactive compound
- Previously used to promote joint health

Fructooligosaccharides

- Promotes higher peak bone mass
- Maintains bone mass

Overall Benefits of Thunder Joint

- Promote optimal bone and joint health of cats
- Rebuild and improve cats' joint cartilage
- Strengthen joint structure and prevent joint degeneration in cats

Recommended for:

- Senior cats
- Active cats
- cats with joint issues
- Maintenance of joint and bone health of cats

Overall Uniqueness

- Use of **active ingredients** (turmeric extract, glucosamine)
- Comprehensive approach to blend of ingredients (**7-in-1**)
- **Multi-function** of protecting joint and bone health alongside preventing joint degeneration
