

# THUNDER CALM

GENTLE CARE FOR A  
RELAXED  
COMPANION

**FOR DOG  
ANXIETY  
AND  
STRESS**

Thunder Calm tablets contain 4 varying ingredients, including Lactium® Milk Protein Hydrolysate, L-theanine, L-tryptophan, and Ashwagandha Extract. Thunder Calm functions to promote relaxation and reduce stress, anxiety, and hyperactivity in dogs.

## Key Ingredients

### Lactium® Milk Protein Hydrolysate

- A natural milk protein hydrolysate
- Contains a bioactive decapeptide with calming properties, α-casozepine

### L- theanine

- An amino acid
- It increases the levels of gamma-aminobutyric acid (GABA), dopamine, and serotonin

### Ashwagandha Extract

- Widely known to reduce stress responses
- Has hepatoprotective, anti-peroxidative, and antioxidant effects

### L- tryptophan

- A natural amino acid
- Involved in the production of the hormone serotonin and help reduce aggression and stress

## Overall Benefits of Thunder Calm

- Encourages relaxation and reduces tension
- Reduces anxiety during stressful events
- Manages hyperactivity
- Supports restful sleep

## Recommended for:

- Dogs experiencing anxiety during loud noises
- Dogs stressed during grooming or vet visits
- Dogs with separation anxiety
- Overactive or hyperactive dogs
- Traveling dogs

## Overall Uniqueness

- **Dual-action formula** for calming and digestion
- **Non-Sedative** but effective
- **Gentle** and digestive-friendly
- **Holistic approach** to dog wellness

## Feeding Instructions

Take 30 minutes before stressful event

- Below 5kg: 1 tablet
- Between 5kg to 15kg: 1-2 tablets
- Above 15kg: 2-3 tablets
